Business Continuity Plan Exercise

Departamento de ENGENHARIA INFORMÁTICA
Instituto Superior de Engenharia do Porto

Consider the following

- Select an example company (if you are a working student, use the company where you work, if not, create one yourself)
- For that company, describe a possible:
  - Business Impact Analysis
  - Risk assessment with the corresponding matrix
  - (to structure Business Continuity Management)
    - At least one policy
    - At least one standard/baseline
    - At least two guidelines that would be necessary to fulfil the chosen policy and standard/baseline

In case you need a scenario – consider the following
